

```
public class JaggedArrayPattern {  
    public static void main(String[] args) {  
  
        int[][] arr = new int[4][];  
  
        arr[0] = new int[1];  
        arr[1] = new int[2];  
        arr[2] = new int[3];  
        arr[3] = new int[4];  
  
        // Store values  
        for (int i = 0; i < arr.length; i++) {  
            for (int j = 0; j < arr[i].length; j++) {  
                arr[i][j] = i + 1;  
            }  
        }  
  
        // Print pattern  
        for (int i = 0; i < arr.length; i++) {  
            for (int j = 0; j < arr[i].length; j++) {  
                System.out.print(arr[i][j] + " ");  
            }  
            System.out.println();  
        }  
    }  
}
```
